p. 1 (12th line from above corrected): Richard Dedekind, Garrett Birkhoff, Oystein Ore, John von Neumann, and others.

p. 6 (11th line from below): The reference “Birkhoff, G. [1935b]” should be deleted.

p. 30 (Figure 1.14): The arrow pointing from “Pseudocomplemented” to “Semicomplemented” should be deleted.

p. 83 (last two lines corrected): (2) $a, b \in L$ implies the existence of $b_1 \leq b$ such that $a \vee b_1 = a \vee b$ and $a \wedge b_1 = 0$.

p. 195 (Figure 5.6): The small circle carrying no notation should be denoted by $\varphi(x_9)$.

p. 209: In the summary at the beginning of “5.6 Subgraphs of the Covering Graph” the notation K_{23} should be replaced by $K_{2,3}$.

p. 249 (Figure 6.16): The small circle carrying no notation should be denoted by acd .

p. 287 (11th and 12th line from above corrected): Conversely, this condition implies upper local distributivity.
